CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregards the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- ~~4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.~~
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

TERMS OF REFERENCE TO REQUEST FOR BIDS FROM SERVICE PROVIDERS FOR BID NO OCJ2021/10: IMPACT ASSESSMENT OF TRAINING PROGRAMMES FOR THE SOUTH AFRICAN JUDICIARY

1 INTRODUCTION

- 1.1 In terms of section 5 (d) of South African Judicial Education Act 14 of 2018 SAJEI is mandated “to promote, through education and training, the quality and efficiency of services provided in the administration of justice in the Republic”. The SAJEI provides training to all three levels of the Judiciary, serving Judicial Officers in the District Courts, Regional Courts and Superior Courts. The focus of this project will be on Regional and District Court Magistrates. The systematic impact assessment of judicial training programmes has not been conducted within SAJEI and as a result, the efficacy of its interventions is unknown.
- 1.2 Ongoing acquisition of new knowledge through training is critical for Judicial Officers in these changing times resulting from rapid technological and legislative developments. Judicial education may contribute to improved court or judicial performance and competence of Judicial Officers. However, this is largely dependent on whether the knowledge and skills acquired through training are properly utilized.
- 1.3 The challenges facing Judicial Education Institutions are: (a) whether the judicial training that is provided in fact improves the skills of Judicial Officers and (b) whether it has the desired impact on court and judicial performance.
- 1.4 Currently delegates may be requested to complete pre-training questionnaires depending on the nature of training. For example, in previous years SAJEI issued pre-training questionnaires for the training of newly appointed District Magistrates. For all training interventions, SAJEI measures delegates' level of satisfaction at the end of each workshop through the completion of paper-based questionnaires. The questionnaire measures the level of satisfaction of delegates to training. Generally, the questions focus on content, presentation, Facilitator/s and recommendations. Thereafter the inputs are collated onto a consolidated evaluation form. The forms are kept in the training files and will be made available for the project.
- 1.5 The SAJEI has not measured the level of knowledge or skills of Judicial Officers before and after training except for one programme. The delegates for the workshops approximately ranges from 15 to 250.
- 1.6 It is against this background that SAJEI would like to conduct a systematic review of its training programmes dating from 2012 up to September 2021 and assess the methods used in

TERMS OF REFERENCE TO REQUEST FOR BIDS FROM SERVICE PROVIDERS FOR BID NO OCJ2021/10: IMPACT ASSESSMENT OF TRAINING PROGRAMMES FOR THE SOUTH AFRICAN JUDICIARY

delivering the training. Furthermore, SAJEI would like to evaluate the impact of the training programmes to determine amongst others whether there is a link between training activities and court or judicial performance.

- 1.7 The South African Judicial Education Institute (SAJEI) invites service providers to submit proposals for conducting an impact assessment of its training programmes. Additional information is provided below, under the scope of services. The overall aim of the project is to evaluate the effectiveness of SAJEI Training programmes conducted since 2012 to September 2021.
