4 FOREWORD BY THE MINISTER

The Office of the Chief Justice's (OCJ) Annual Report of the 2016/17 financial year (FY) proudly reflects the tireless commitment to respond to our globally admired Constitution of 1996, which calls for continuous support for the Judiciary to ensure its independence, impartiality, dignity, accessibility and effectiveness.

This Report echoes our unwavering commitment to the transformation of the Judiciary – one of the constitutional imperatives in pursuit of a united and democratic South Africa; a South Africa that is based on democratic values, social justice and fundamental human rights.

This Annual Report represents the OCJ's response to Chapter 14 of the National Development Plan (NDP), which calls for the promotion of Accountability and Fighting corruption. The OCJ, established in 2010 to support the Judiciary, promotes this national objective in, amongst others, the following ways:

- ▶ Ensuring an efficient court system;
- ▶ Reducing court administration inefficiencies;
- ▶ Promoting access to justice;
- ▶ Promoting judicial accountability; and
- ▶ Providing training to the Judiciary through South African Judicial Education Institute (SAJEI).

A call for "Building a capable State" in Chapter 13 of the National Development Plan (NDP) requires a strong, independent and efficient Judiciary - one of the three Arms of State.

The OCJ's continuous support to this vital Arm of State is of fundamental importance in ensuring that our hard-earned democracy is functional, stable and sustained. The establishment of the OCJ by the government illustrates our commitment to a democratic South Africa that is able to take its rightful place as a sovereign State in the global family of nations. This also reflects our commitment to cardinal democratic principles of judicial independence and separation of powers of the Arms of State. It is because of this reason that the Department of Justice and Constitutional Development continues to work together with the OCJ in the shared services since the transfer of the administrative functions and staff of the Superior Courts to the OCJ from 1 October 2014.

Cabinet has set up an Inter-Ministerial Committee, under the leadership of the Deputy President of the Republic, to consider the views of the Judiciary regarding the end state of the Court Administration Model. This project has gained traction and engagement with the Chief Justice has commenced.

The Government remains committed to the transformation of the Judiciary as espoused in section 174 of the Constitution. This section requires the Judiciary to reflect broadly the racial and gender composition of South Africa when Judicial Officers are appointed. We continue to make efforts to accelerate transformation in the Judiciary in the realisation of these constitutional imperatives. Out of the 246 Judges in active service, 159 (66%) are male and 87 (34%) are female, while 160 (65%) Judges are black and 86 (35%) Judges are white.

The pace of legislative reforms has been relatively slow due to our legislative programme which is quite extensive. However, some work has been done on the revision of the Magistrates Court Act and the draft Lower Courts Bill is envisaged to be finalised and circulated for public comment during the 2017/18 financial year. This Bill would take a similar approach to the Superior Courts Act, 2013, in our quest to rationalise all relevant legislation with a view to establish a judicial system that is suited to the requirements as enjoined by Item 16(6) of Schedule 6 to the Constitution.

In order to promote the independence of the Judiciary as a constitutional imperative, the education and training of judicial officers is a necessity, not only for judicial independence, but also for efficiency and effectiveness of the courts. This is why the South African Judicial Education Institute (SAJEI) located under the OCJ, is continuously implementing training programmes and courses for Judicial Officers.

4 FOREWORD BY THE MINISTER

During the 2016/17 financial year, 90 Judicial education courses, which include basic- and advanced courses for newly appointed magistrates and aspirant Judges, were offered to serving and aspiring Judicial Officers, which exceeded the set target of 70.

One of our objectives is the capacitation of the OCJ. In the 2015/16 financial year the OCJ had 1 486 staff members transferred from the Department of Justice and Constitutional Development. This number has since increased significantly and now stands at 1 679 staff members. This increase was informed by the need for more staff to support the Judiciary in the performance of its administrative functions. More capacity will be added to the OCJ as soon as we finalise consultations with the Minister of Public Service and Administration on the OCJ macro structure and secure additional funding for this purpose.

The OCJ's expenditure on the 2016/17 budget at the end of the financial year stood at 97.9%. The budget spending was in line with the allocation and budget prescripts, meaning there was no overspending. It is commendable to note that the Department had an unqualified audit outcome on the financial statements in the maiden year of operating with its own budget vote.

During my initial year's budget speech, I highlighted the most significant milestone on access to justice, that is, the construction of the Limpopo High Court as the first high court built in the country since the dawn of democracy in 1994. This High Court has since been operationalised and launched in November 2016, ushering in a new dispensation of service delivery and taking access to justice to the next level for the people of the Province.

My gratitude goes to the Head of the Judiciary, Honourable Chief Justice Mogoeng Mogoeng, for his wise, ethical and visionary leadership of the Judiciary; the Heads of Court who continue to assist the Chief Justice with governance issues; the entire Judiciary for its commitment of providing justice for all without fear, favour or prejudice; the Deputy Minister of Justice and Constitutional Development, Mr John Jeffery, for the support; the Portfolio Committee on Justice and Correctional Services; the Audit and Risk Committee and all other stakeholders for their support.

I also wish to express my sincere gratitude to the Secretary-General (SG) of the OCJ, Ms Memme Sejosengwe, including the officials of the OCJ, for their tireless efforts in ensuring that the organisation efficiently and effectively discharges its mandates and obligations.

Lastly, I wish to give assurance to the people of South Africa at large that the government is committed to providing support to the Judiciary in order to ensure its independence, impartiality, dignity, accessibility and effectiveness. This commitment is indeed a constitutional imperative that we take very seriously.

T M Masutha, MP (Adv)
Minister of Justice and Correctional Services

5 REPORT OF THE ACCOUNTING OFFICER

4.1. GENERAL OVERVIEW

The OCJ continues to operate as a public service Department under the executive authority of the Minister of Justice and Correctional Services. It concurrently serves another Arm of State, the Judiciary as informed by its mandate. Since the Chief Justice is the Head of the Judiciary and the Head of the Constitutional Court, the OCJ provides administrative support to the Judiciary and the Superior Courts. The 2016/17 financial year was the second year of the OCJ functioning as a fully-fledged Department and it continues to execute its mandate by:

- (a) Supporting the Chief Justice in the fulfilment of his functions as Head of the Judiciary and the Head of the Constitutional Court;
- (b) Capacitating the OCJ;
- (c) Rendering effective and efficient administration as well as technical support to the Superior Courts.

One of the highlights of the Department during this financial year is the adoption of the OCJ Service Delivery Model with effect from October 2016. This Departmental framework clearly sets out the nature, scope, extent and level of OCJ services.

In an effort to improve the quasi-judicial functions at the courts, 85% (49 252 of 57 656) of default judgements that were received at the High Courts were finalised, exceeding the planned target of 65%. Furthermore, 87% (19 510 of 22 414) legal bills of cost were finalised during the period under review against the target of 65%.

These achievements were realised despite resource and capacity challenges at the Superior Courts, Provincial Service Centres and the National Office.

The OCJ continues to support the National Efficiency Enhancement Committee (NEEC) and the Provincial Efficiency Enhancement Committees (PEEC), established by the Chief Justice. This signals our commitment to enhancing efficiency in the justice system and improving performance of the Superior Courts.

In our effort to ensure the effective and efficient court administration as well as improve access to justice, the OCJ has initiated the implementation of the Information and Communications Technology (ICT) Master Systems Plan (MSP) which, amongst others, outlines how technology will be used in the courts to improve efficiency in court administration. Inadequate financial resources are, however, a barrier affecting the implementation of the MSP.

In ensuring the achievement of the strategic goal to improve administrative and technical support to the Judiciary, the OCJ provided administrative and secretariat support to the Chief Justice in his capacity as the chairperson of the Judicial Service Commission (JSC) and the South African Judicial Education Institute Council (SAJEI).

It also provided technical support to the Chief Justice in his international obligations as one of the Vice Presidents of the Conference of the Constitutional Jurisdictions of Africa (CCJA) and the Constitutional Court is a member to the World Conference on Constitutional Justice.

The other major achievements of the OCJ during the period under review include:

- ▶ Approval and implementation of the OCJ Corporate Identity Manual;
- ▶ Unqualified audit outcome on financial statements for the 2015/16 maiden year of reporting;
- ▶ Development and implementation of Customer Service Improvement Plans in 12 Superior Court Centers;
- ▶ Improved signage inside the courts to ensure easy access of court facilities;
- ▶ Capacitation of Judges President's offices with support to manage court performance information (e.g. appointment of statisticians in all Superior Courts).

Total	1 824 047	1 786 348	37 699	1 657 127	1 655 356	1 771

The Department's total voted expenditure amounted to R855.6 million against the final appropriation of R873.9 million. This excludes the Direct Charge to the National Revenue Fund for Judges' remuneration. This reflects a 97.9% spending against the final appropriation, resulting in an under expenditure of R18.3 million (2.1%). The underspending mainly relates to the filling of vacancies which was put on hold from October to December 2016 in order to manage the expenditure patterns and ensure that the compensation of employees budget ceiling for the MTEF is not exceeded.

EXPENDITURE PER PROGRAMME

PROGRAMME 1

ADMINISTRATION

The expenditure on this programme was R139.1 million against the final allocation of R142.2 million, which resulted in an underspending of R3.1 million. This underspending is mainly on compensation of employees due to non-filling of vacancies as explained above. The spending on the rest of this programme (excluding the compensation of employees), was 100% against the final allocation.

PROGRAMME 2

JUDICIAL SUPPORT AND COURT ADMINISTRATION

The expenditure on this programme was R685.6 million against the final allocation of R699.4 million, which resulted in an underspending of R13.9 million. This underspending is mainly on compensation of employees due to non-filling of vacancies as explained above. The spending on this programme (excluding the compensation of employees), was 100% against the final allocation.

PROGRAMME 3

JUDICIAL EDUCATION AND RESEARCH

The expenditure on this programme was R30.9 million against the final allocation of R32.4 million, which resulted in an underspending of R1.4 million. This underspending is mainly on compensation of employees due to non-filling of vacancies as explained above. The spending on this programme (excluding the compensation of employees), was 99.9% with an underspending of only R32 thousand against the final allocation.

STATUTORY (DIRECT CHARGE)

JUDGES' SALARIES

The expenditure on the statutory allocation was R930.7 million (98%) against the final allocation of R950.1 million. The underspending on the Direct Charge amounted to R19.4 million which relates to Households due to a lower number of gratuities paid to Judges.

5 REPORT OF THE ACCOUNTING OFFICER

VIREMENTS

The following table provides a breakdown of virements executed:

From			To		
Programme	Item	R'000	Programme	Item	R'000
1: Administration	Transfers and subsidies	127	2: Judicial Support and Court Administration	Transfers and subsidies	127
	Payment for capital assets	5 552		Payment for capital assets	5 552
2: Judicial Support and Court Administration	Goods and services	2 861	1: Administration	Goods and services	2 861
3: Judicial Education and Research	Goods and services	2 254	2: Judicial Support and Court Administration	Payment for capital assets	2 572
	Transfers and subsidies	1		Transfers and subsidies	1
	Payment for capital assets	318			
Total		11 113	Total		11 113

The virement from the Judicial Support and Court Administration programme was executed to address the overspending on the Administration programme due to increased cost for Information and Communication Technology (ICT) services rendered by the State Information and Technology Agency. The virements from the Administration and Judicial Education and Research programmes were executed to address the overspending on the payment of capital assets under the Judicial Support and Court Administration programme due to the under-projected cost of leased vehicles for use by Judges.

LEASE PAYMENTS

An amount of R81.8 million was spent on lease payments during the period under review. These payments were mainly for the leasing of Judges' vehicles in terms of their legislated benefits.

UNAUTHORISED EXPENDITURE

No unauthorised expenditure was incurred during the period under review.

IRREGULAR EXPENDITURE

Irregular expenditure amounting to R630 719.55 was

detected during the period under review of which R591 747.29 was condoned. The remainder is still under investigation. This is attributed to non-compliance with the financial delegations and expenditure against contracts that have lapsed.

FRUITLESS EXPENDITURE

Fruitless and wasteful expenditure amounting to R20 676.60 was incurred as a result of 'no shows' for flights and not using reserved accommodation as well as interest incurred as a result of a late payment to one service provider. An amount of R1 200.00 for a 'no show' was condoned during the year under review.

In order to prevent irregular, fruitless and wasteful expenditure, Supply Chain Management (SCM) policies were reviewed to put more stringent measures in place. All cases of irregular, fruitless and wasteful expenditure were reported to the OCJ Operations Committee for investigation and recommendations were made on corrective measures to be taken and implemented. Operations Committee recommendations were escalated to the OCJ Departmental Bid Adjudication Committee (DBAC) for consideration. Where applicable, instructions were issued to take appropriate actions against officials responsible for non-compliance.

5 REPORT OF THE ACCOUNTING OFFICER

Nature of Non-Compliance	Reasons
Contracts that have lapsed.	Contracts expired. Users not obtaining prior approval from the relevant approved committees e.g. Provincial Control Committees (PCCs) or DBAC.
Non-adherence to financial delegations	Oversight by the official involved.
'No show' when flights and accommodation were booked.	Travel arrangements were not cancelled on time and / or reserved accommodation were not utilised.
Late payment of supplier	Complications in the handing over process of the service from DoJ&CD to the OCJ.

FUTURE PLANS OF THE DEPARTMENT

As part of pursuing the objective to ensure access to justice, as encapsulated in Chapter 14 of the NDP, the OCJ is planning for the operationalization of the Mpumalanga Division of the High Court. The construction of this court is envisaged to be completed during the 2017/18 financial year. In addition, the President of the Republic of South Africa has already appointed the Judge President of this Division with effect from August 2017.

Pursuant to the decision of the Heads of Court in October 2016 (after consultation with the Minister) to establish its own accountability and reporting mechanism, Judicial Committees on Judicial Planning; Reporting and Accountability for the Superior Courts and Magistrates' Courts were formed. In line with section 8 of the Superior Courts Act, 2013, these Committees are responsible for, amongst others, bringing improvements in the performance of judicial functions; facilitating the development of a framework for monitoring and reporting re judicial functions to ensure a structured accountability and reporting by the Judicial Branch of the State. The work of these Judicial Committees are and will continue to be supported by the OCJ with secretariat and technical services for the Committees to execute their mandates effectively.

PUBLIC-PRIVATE PARTNERSHIPS

The OCJ did not enter into any public-private partnerships during the period under review.

DISCONTINUED ACTIVITIES/ACTIVITIES TO BE DISCONTINUED

There are no activities that were or will be discontinued.

NEW OR PROPOSED ACTIVITIES

There are no new or proposed activities.

SUPPLY CHAIN MANAGEMENT

No unsolicited bid proposals were considered or concluded by the Department for the year under review.

SCM PROCESSES AND SYSTEMS TO PREVENT IRREGULAR EXPENDITURE

The OCJ has processes and systems in place to detect and prevent irregular expenditure. These include the following:

- ▶ The augmentation of the Departmental Financial Instructions, Delegations and SCM policies to strengthen accountability and responsibility of end-users as well as SCM staff;
- ▶ SCM Standard Operating Procedures and checklists are implemented and monitored to ensure SCM compliance. Furthermore, SCM staff performs pre-check compliance reviews prior to generating purchase orders. Purchase orders are placed with accredited suppliers/ service providers on the Central Supplier Database of the National Treasury;
- ▶ The OCJ has appointed Bid Committees and PCCs to ensure transparency, fairness and compliance within the SCM and tender processes;
- ▶ All SCM officials have signed a Code of Conduct and Bid Committee members signed declarations of interest;
- ▶ All irregular expenditure was reported to the relevant committee for consideration, investigation, and recommendation; and
- ▶ A contract management register was developed and implemented.

5 REPORT OF THE ACCOUNTING OFFICER

ASSET MANAGEMENT

During the year under review, the OCJ was required to maintain its asset register in terms of section 38 of the Public Finance Management Act, 1999 (Act 29 of 1999) (PFMA). As the Accounting Officer in terms of section 42 of the PFMA, I have ensured that additional assets transferred by the DoJ&CD to the OCJ, have been verified, re-barcoded and added to OCJ's asset register. All discrepancies previously reported in terms of the transfer of assets have been resolved with the Accounting Officer of the DoJ&CD. Disposal committees have been appointed and are operational in the OCJ.

Challenges experienced in SCM and how they were resolved:

- Suppliers were reluctant to complete Standard Bidding Document forms due to the fact that it is costly and tedious on their part. The matter has been raised with National Treasury which has undertaken to resolve it through the full implementation of the CSD.
- Shortage of staff at the Superior Courts delayed the SCM processes and payments to suppliers. The courts have been capacitated with additional SCM officials.

Challenges experienced in asset management were as follows:

Due to the shortage of staff at the Superior Courts, there were challenges experienced with the physical verification of assets. The National Office provided assistance with asset verification at the courts with the aim of resolving the challenges. Additionally, Asset Clerk posts have been created and filled at the Superior Courts to assist with asset management.

GIFTS AND DONATIONS RECEIVED IN KIND FROM NON-RELATED PARTIES

During the year under review, the OCJ received donations amounting to R8 000. These donations are in relation to library books and publications to the value of R4 000 and a complimentary ticket to the value of R4 000 to attend training.

EXEMPTIONS AND DEVIATIONS RECEIVED FROM NATIONAL TREASURY

There were no exemptions and deviations received from National Treasury during the period under review.

EVENTS AFTER THE REPORTING DATE

There were no events that took place after the reporting date.

6 STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF ACCURACY FOR THE ANNUAL REPORT

To the best of my knowledge and belief, I confirm the following:

- ▶ All information and amounts disclosed throughout the Annual Report are consistent.
- ▶ The Annual Report is complete, accurate and is free from any omissions.
- ▶ The Annual Report has been prepared in accordance with the Annual Report Guide for National and Provincial Departments as issued by the National Treasury.
- ▶ The Annual Financial Statements (Part E) have been prepared in accordance with the modified cash standard and the relevant frameworks and guidelines issued by the National Treasury.
- ▶ The Accounting Officer is responsible for the preparation of the annual financial statements and for the judgements made in this information.
- ▶ The Accounting Officer is responsible for establishing and implementing a system of internal control that has been designed to provide reasonable assurance as to the integrity and reliability of the performance information, the Human Resources (HR) information and the annual financial statements.
- ▶ The external auditors are engaged to express an independent opinion on the annual financial statements.
- ▶ In my opinion, the Annual Report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the Department for the financial year ended 31 March 2017.

Yours faithfully,

Ms M Sejosengwe

7 STRATEGIC OVERVIEW

VISION

A single, transformed and independent judicial system that guarantees access to justice for all.

MISSION

To provide support to the Judiciary to ensure effective and efficient court administration services.

VALUES

In ensuring accountability to the Judicial Branch of State to the people of South Africa, and to foster public confidence in the Judiciary, and respect for the rule of law, the OCJ will uphold the following values:

- ▶ Respect for and protection of the Constitution;
- ▶ Honesty and integrity;
- ▶ Openness and transparency; and
- ▶ Professionalism and excellence.

8 LEGISLATIVE AND OTHER MANDATES

In discharging its mandate, the Office of the Chief Justice is guided by the Constitution of the Republic of South Africa, 1996, as well as other legislation and policies that constitute the legal framework for the establishment of the OCJ.

CONSTITUTIONAL MANDATES

The Constitution provides for the independence of the Judiciary and protects judicial independence by prohibiting any interference with the functioning of the courts. It further imposes a duty on organs of State to assist and protect the courts to ensure, among others, their independence, impartiality and efficiency. The Constitution also expressly provides that the Chief Justice is the Head of the Judiciary and entrusts him with the responsibility for the establishment and monitoring of Norms and Standards for the judicial functions of all courts. It also designates the Constitutional Court as the highest court in all matters. Furthermore, everyone has a constitutional right to have any legal dispute decided in a fair public hearing before an independent court. The judicial authority is vested in the courts.

In order to advance the transformation imperatives of the Constitution, Item 16 in Schedule 6 to the Constitution provides for the rationalisation of all courts and all relevant legislation with the view to establishing a judicial system aligned with the requirements of the Constitution. The Constitution furthermore provides that, after a national election, the Chief Justice is required to convene the first sitting of Parliament and to preside over the election of the President, Speaker of the National Assembly and the Chairperson of the National Council of Provinces. The Chief Justice is also assigned by the Constitution with the responsibility of presiding at meetings of the Judicial Service Commission.

LEGISLATIVE MANDATES

The Office of the Chief Justice derives its mandate from several pieces of legislation, including the following: *(please see next page)*

8 LEGISLATIVE AND OTHER MANDATES

Legislation	Key Mandates / Responsibilities
Public Service Act, 1994 (Proclamation 103 of 1994)	The OCJ was proclaimed a National Department under the Public Service Act, 1994. This Act provides for the organisation and administration of the Public Service.
Public Finance Management Act, 1999 (Act 1 of 1999)	This Act regulates financial management in the National Government.
Superior Courts Act, 2013 (Act 10 of 2013)	<p>This Act empowers the Chief Justice to exercise responsibility over the establishment and monitoring of Norms and Standards for the exercise of judicial functions for all courts.</p> <p>The Minister of Justice and Correctional Services has, in terms of this Act, delegated certain powers and functions to the SG for the purposes of providing administrative support functions to the Chief Justice and the Judiciary.</p> <p>This Act also regulates the allocation of financial resources of the OCJ and designates the SG as the Accounting Officer.</p>
Judges' Remuneration and Conditions of Employment Act, 2001 (Act 47 of 2001)	This Act deals with the remuneration and conditions of employment of Judges.
Judicial Service Commission Act, 1994 (Act 9 of 1994)	The Act deals with the appointment of Judges and support to the JSC.
South African Judicial Education Institute Act, 2008 (Act 14 of 2008)	The Act provides for training of Judicial Officers.
Public Service Act Proclamation, 1994 (Act 104 of 1994)	In March 2015, the Minister of Public Service and Administration, in terms of this Act, determined the functions relating to the administration of the Superior Courts transferred from the DoJ&CD to the OCJ.
Judicial Matters Amendment Act, 2015 (Act 24 of 2015)	In terms of the Judicial Matters Amendment Act, 2015 (Act 24 of 2015), the general administration of the Judges' Remuneration and Conditions of Employment Act, 2001 (Act 47 of 2001) has been transferred from the Director-General (DG) of the DoJ&CD to the SG of the OCJ with effect from 01 August 2016. This Amendment Act also seeks to transfer certain functions and responsibilities of SAJEI that were previously allocated to the DoJ&CD. Furthermore, the SG is responsible for accounting for JSC funds.

8 LEGISLATIVE AND OTHER MANDATES

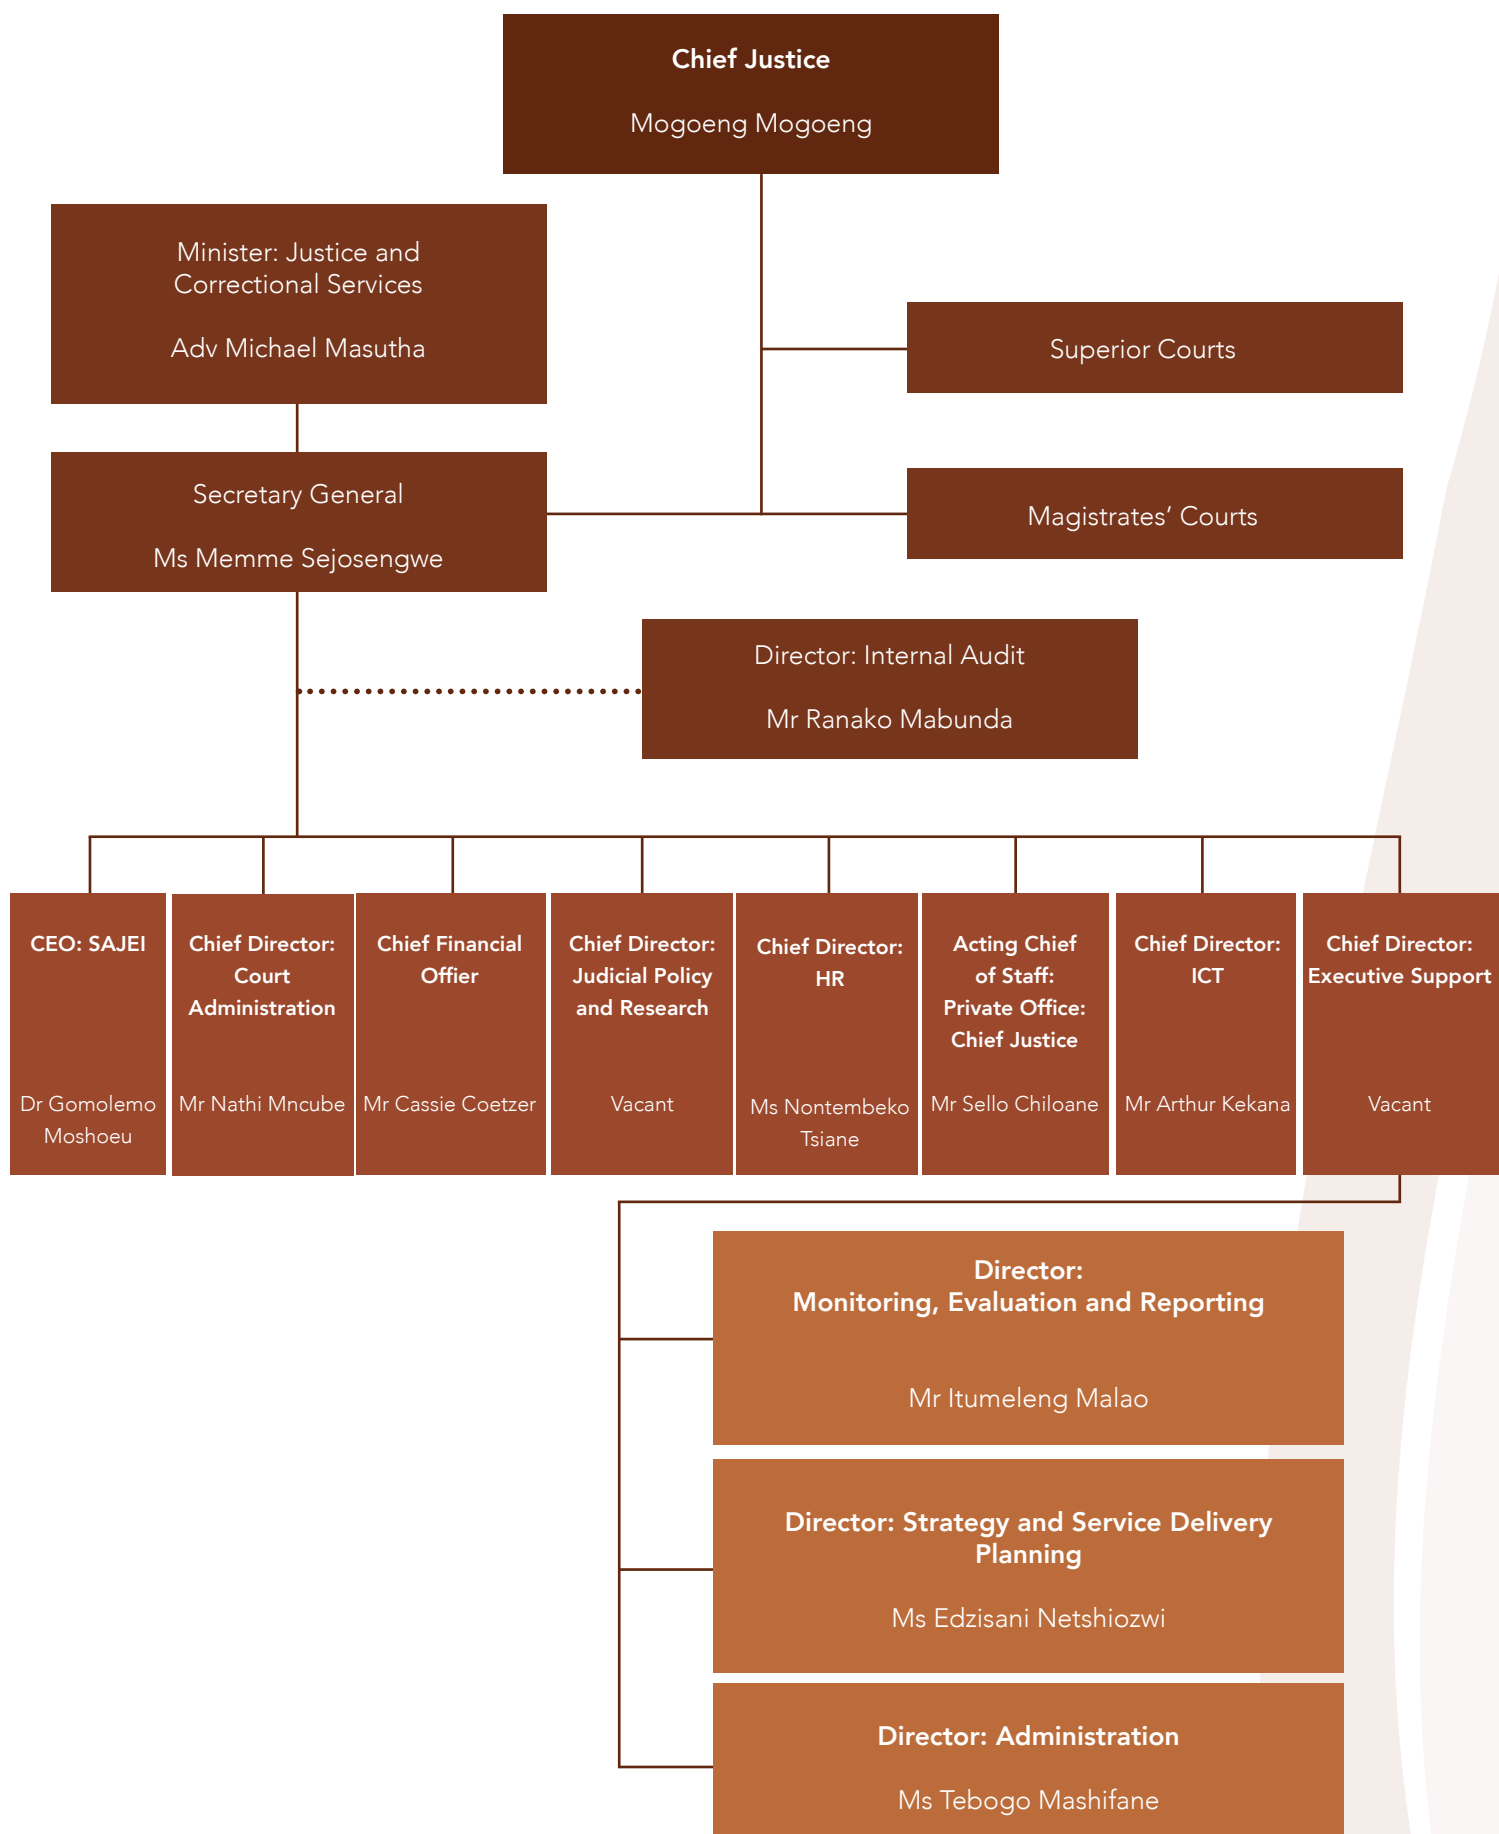

POLICY MANDATES

The OCJ is a relatively newly established National Department proclaimed by the President of the Republic of South Africa in terms of Proclamation 44 of 2010. Subsequent to the Proclamation of the OCJ as a National Department, the Minister for Public Service and Administration made a determination regarding the purpose and objectives of the OCJ as follows:

- ▶ To ensure that the Chief Justice can properly execute his mandate as both the Head of the Constitutional Court and the Head of the Judiciary;
- ▶ To enhance the institutional, administrative and financial independence of the OCJ; and
- ▶ To improve organisational governance and accountability, and the effective and efficient use of resources.

2 OVERVIEW OF DEPARTMENTAL PERFORMANCE

2.1. SERVICE DELIVERY ENVIRONMENT

The OCJ was established to promote and reaffirm the principle of judicial independence, as guaranteed by section 165 of the Constitution. The existing policy and legislative framework in South Africa provides adequate safeguards and instruments for the establishment, governance and operationalisation of the internal controls in National Departments, including the OCJ.

The establishment of the OCJ came during the tight fiscal era due to slow economic growth, which resulted in the OCJ having to reprioritise its already limited budget to fund certain priorities aimed at service delivery. This had a negative impact on the growth and capacitation of the OCJ as a new Department. Despite these challenges, the OCJ has ensured that service delivery is not compromised by employing the following strategies:

- ▶ Reprioritising the filling of critical service delivery posts; and
- ▶ Implementing tight cost containment measures over and above those prescribed by the National Treasury.

The persistent high level of crime in South Africa also puts pressure on the limited resources available to enhance the functioning of the Superior Courts. While evidence demonstrates that the South African Judiciary remains effective in the execution of its mandate, the high level of crime has impacted on a number of areas such as the increased workload in the courts and increased demand for Judges to preside over various matters. These challenges are also exacerbated by the impact of democracy on the judicial system, in the sense that when democracy matures, the population becomes increasingly aware of their rights and interfaces more with courts in order to enforce their rights.

In the midst of the tight fiscal framework and aforementioned challenges, the Department continued to provide support to the Judiciary to ensure efficient and effective functioning of the National Efficiency Enhancement Committee (NEEC)

and Provincial Efficiency Enhancement Committees (PEEC) which were established by the Chief Justice. The committees were established to promote interdepartmental cooperation and stakeholder relations, thereby enhancing efficiency in the justice system and improved performance of the Superior Courts.

The South African Judicial Education Institute Act, 2009 (Act 14 of 2008), established the South African Judicial Education Institute (SAJEI) in order to provide judicial education for Judicial Officers. SAJEI remains instrumental in enhancing the skills set of both serving and aspirant Judges through continuous training. During the year under review, SAJEI trained 1882 Judicial Officers. In contributing to the National Development Plan's priority of capacitating SAJEI, five judicial educators were appointed as facilitators to provide dedicated judicial training.

The modernisation of the courts through the use of technology is an important step to ensure effective and efficient court administration as well as improved access to justice. Automation and digitisation of court records will continue to improve efficiency in information and data management. During the period under review, the OCJ initiated the implementation of the OCJ Information and Communication Technology (ICT) Master Systems Plan (MSP) which, amongst others, outlines how technology is and will be used in the courts to improve efficiency in court administration. Lack of financial resources is a barrier in fully implementing the MSP over the MTEF period. In contributing to Outcome 12 of the Medium Term Strategic Framework (MTSF), "an effective, efficient and development orientated public service", the OCJ commenced with the implementation of the public service Operations Management Framework. The focus during the financial year was on the development, approval and implementation of the following service delivery instruments:

- ▶ Service Delivery Model;
- ▶ Service Delivery Charter;
- ▶ External and Internal Service Standards; and
- ▶ Service Delivery Improvement Plan for the 2016/19 cycle.

2 OVERVIEW OF DEPARTMENTAL PERFORMANCE

The Department also commenced with the developing of business processes and Standard Operating Procedures for all the key services of the OCJ. These will be finalised during the 2017/18 financial year. The processes and procedures are key in ensuring that the Department has a quality control system. They contribute to improved service delivery as they facilitate consistency in the quality and integrity of an end product.

Other major achievements of the OCJ during the period under review include:

- ▶ Approval and implementation of the OCJ Corporate Identity Manual;
- ▶ Unqualified audit outcome on financial statements in the 2015/16 maiden year of reporting;
- ▶ Development and implementation of Customer Service Improvement Plans in 12 Superior Court Centers;
- ▶ Improved signage inside the courts to ensure easy access of court facilities;
- ▶ Capacitation of Judges President's offices with support to manage court performance information (e.g., appointment of statisticians in all Superior Courts).

2 OVERVIEW OF DEPARTMENTAL PERFORMANCE

2.2. SERVICE DELIVERY IMPROVEMENT PLAN

The report on the Service Delivery Improvement Plan (SDIP) for 2016/17 covers only the period from 01 October 2016 to 31 March 2017 as the OCJs SDIP was approved on 30 September 2016. The following tables summarise the SDIP report:

1. Main services and standards

Main services	Beneficiaries	Current/actual standard of service	Desired standard of service	Actual achievement
Improve witness services at the Superior Courts (i.e. Payment of witness fees).	Witnesses (Ordinary and Experts).	Ordinary witnesses are paid on the day they appear in court.	100% ordinary witnesses paid on the same day they appear in court.	96.4% (2208 of 2291) ordinary witnesses were paid the witness fees on the same day they appeared in court.
		New measure.	80% of wages forfeited paid within 14 days.	All wages forfeited were paid within 14 days of appearing as a witness.
		Some witnesses claiming for wages forfeited are not paid within 14 days of claiming due to insufficient information submitted.	Develop a standard procedure on what is required for witnesses to claim wages/income forfeited and ensure that it is attached to all subpoena.	The Standard Operating Procedure (SOP) for payment of witness fees has been developed. The procedure to inform the public on how to claim wages/income forfeited relating to witness fees is still to be developed.

2 OVERVIEW OF DEPARTMENTAL PERFORMANCE

2.3. ORGANISATIONAL ENVIRONMENT

Inadequate capacity within the OCJ has been the main concern during the year under review. The Department had a total of 1 984 posts on its establishment by the end of the 2016/17 financial year. Of these, 1 679 were filled and 305 were vacant, resulting in a 15.4% vacancy rate for the year. Budget ceilings on compensation of employees are a hindrance in achieving the Department's strategic objective of "capacitating the Department".

The continual learning and development of the OCJ's employees and the nurturing of talent are of paramount importance to provide leadership on service delivery in ensuring service excellence. During the year under review, 52 OCJ employees were offered bursaries. The Department provided training and development programmes to 375 employees. Training programmes provided include:

- ▶ Service delivery excellence;
- ▶ Financial Management for non-financial managers;
- ▶ Emerging Development Management Programme;
- ▶ Enterprise Risk Management Programme;
- ▶ Compulsory Induction Programme;
- ▶ Records Management; and
- ▶ Court Interpreting.

In addition to the training programmes mentioned above, ten (10) Senior Management Service (SMS) members attended the KHAEDU training which aims to afford managers the opportunity to experience challenges at the coalface of delivery and to develop policies that are informed by realities on the ground.

2.4. KEY POLICY DEVELOPMENTS AND LEGISLATIVE CHANGES

There were no key policy or legislative changes during the reporting period.

3 STRATEGIC OUTCOME ORIENTED GOALS

The OCJ has three outcome-oriented goals in the 2015/16 to 2019/20 Strategic Plan as revised in the 2016/17 Annual Performance Plan (page 51 of the 2016/17 APP). The table below provides progress made to the outcome-oriented goals during the financial year:

Goal	Goal statement	Progress
1. Efficient and effective administration of the OCJ.	Ensure an efficient and effective administration of the OCJ that provides optimal support to the Judiciary.	<p>The support provided included the following:</p> <ul style="list-style-type: none"> ▶ 90.2% of funded vacant posts were filled. ▶ The revised Macro structure was finalised and submitted to the DPSA for approval. ▶ The creation of a dedicated Risk Management and Ethics Unit, as well as the appointment of a Director and filling of other critical posts within the Unit. ▶ The Service Delivery Improvement Plan, Service Delivery Model, Service Delivery Charter and Service Standards were developed and approved in order to institutionalise the culture of improved service delivery in the OCJ and the Superior Courts. ▶ Standard Operating Procedures were developed for all services of the OCJ (i.e. services as captured in the Service Delivery Model). ▶ The OCJ Master Systems Plan implementation initiated. It focuses on enhancing the efficiency and functioning of the courts.
2. Improved administrative and technical support to the Judiciary.	Enable the Judiciary to deliver on its constitutional mandate by providing administrative - and technical support which includes judicial training, administrative and secretariat support to the Judicial Service Commission, administration of Judges' Registrable Interests and administration of Judges' remuneration.	<p>The support provided included the following:</p> <ul style="list-style-type: none"> ▶ Initiating the implementation of the Master Systems Plan. ▶ Developing a Monitoring and Evaluation (M&E) Framework for Judicial education, and conducting 90 Judicial education courses. ▶ Administering of Judges' disclosure of registrable interests in line with the Judicial Service Commission Act 9 of 1994. ▶ Administrative, technical and secretariat support to Judicial Governance Structures, amongst others, the JSC, SAJEI, NEEC, and the Judicial Case-Flow Management Committee.

3 STRATEGIC OUTCOME ORIENTED GOALS

Goal	Goal statement	Progress
3. Ensure administration support to the Superior Courts.	Provide administrative and technical support to ensure efficiency and effectiveness of the Superior Courts in the adjudication of cases.	<p>The support provided included the following:</p> <ul style="list-style-type: none"> ▶ Conducting 4 training workshops on case management for Registrars, Statisticians and Clerks. ▶ Monitoring of court performance in line with the predetermined objectives. ▶ Migrating the Superior Courts from the DoJ&CD to the OCJ ICT domain. ▶ Improving frontline customer service through the roll-out of the Customer Service Improvement Tool. ▶ Operationalisation of the Limpopo High Court.

3 STRATEGIC OUTCOME ORIENTED GOALS

THE CONTRIBUTION OF THE OCJ TOWARDS GOVERNMENT'S POLICIES AND PRIORITIES DURING THE 2016/17 FINANCIAL YEAR

As a National Government Department supporting the Judiciary, the OCJ's contribution towards government's policies and priorities was guided by:

- ▶ **Chapter 14 of the NDP** (Strengthening judicial governance and the rule of law);
- ▶ **Outcome 3 of the MTSF** (All people in South Africa are and feel safe); and
- ▶ **Outcome 12 of the MTSF** (An efficient, effective and development-oriented Public Service and an empowered, fair and inclusive citizenship).

Chapter 14 of the National Development Plan and Outcome 3 of the MTSF

In responding to chapter 14 of the NDP and Outcome 3 of the MTSF during the year under review, the OCJ conducted 90 judicial education courses, produced 3 reports on Judicial appointments and complaints, produced 5 Superior Courts monitoring reports, achieved 86% (67 662 of 78 898) compliance with the quasi-judicial targets, finalised 85% (49 252 of 57 656) of default judgments, finalised 87% (19 510 of 22 414) of taxations of legal costs and delivered 88% of warrants of release within one day of the release being granted. The OCJ further produced 5 Superior Courts performance monitoring reports and conducted 4 training workshops on Case Management for Registrars, Statisticians and Clerks.

Outcome 12 of the MTSF

In contributing towards an efficient and effective Public Service during the year under review, the OCJ filled 90.2% (322 of 357) of funded vacant posts; investigated 87% (26 of 30) of reported fraud cases; developed and updated 8 strategic and operational risk registers; tabled OCJ Annual Performance Plan (2017/18) in Parliament as per National Treasury timelines; produced 2 asset registers in line with the prescripts; addressed 91% (115 of 126) of audit findings (internal and external) and conducted 5 functional training workshops for Registrars, Statisticians and Clerks.

Total	32 362	30 982	1 380	34 026	30 642	3 384

The programme's underspending amounted to R1.3 million, which relates to compensation of employees. This underspending is as a result of non-filling of vacancies. Filling of vacancies was put on hold from October to December 2016 in order to manage the expenditure patterns and ensure that the compensation of employees budget ceiling for the MTEF is not exceeded.

5. TRANSFER PAYMENTS

The OCJ did not have any transfer payments during the period under review.

6. CONDITIONAL GRANTS

The OCJ did not receive any conditional grants during the period under review.

7. DONOR FUNDS

The OCJ did not receive any donor funds during the period under review.

8. CAPITAL INVESTMENT

The OCJ did not receive any capital investments during the period under review.

9 STATISTICAL INFORMATION ²

The table below provides information relating to performance indicators which were within the control of the Judiciary. These include sub-programmes 3 to 6 in programme 2 and sub-programme 2 in programme 3. These indicators were informed by the Judicial Norms and Standards which were gazetted on 28 February 2014.

1 INTRODUCTION

The OCJ is committed to the highest standards of governance in managing public resources by maintaining effective, efficient and transparent systems of financial, risk management and an improved internal control environment. Best practice standards and methodologies are tailored and applied to address risks to which the OCJ may be exposed. Risk mitigation is applied to the residual risk exposure of the Department, monitored regularly and reported quarterly to Management and the ARC.

A number of policies for various functions including segregation of duties and delegation of authority were developed and communicated to all staff members. The OCJ ensures that adequate and effective controls are in place followed by continuous monitoring, reviewing and evaluation of policies and procedures, performance information and implementation of corrective measures to address previous adverse findings.

Furthermore, reporting and monitoring systems were put in place, including regular management meetings to ensure accountable management, convergence of work of different programmes to alleviate resource wastages and the implementation of commitments entailed in the Strategic Plan and Annual Performance Plan to achieve the OCJ's Mandate.

1.1 ICT GOVERNANCE

The ICT governance structure of the OCJ consists of the ICT Steering Committee. The ICT Steering Committee oversees the implementation of the IT Strategy and reports to the Executive Committee and the Accounting Officer. This is done in collaboration with the Judiciary and Administration Information Technology Committee of Judicial Officers.

In the 2016/17 financial year, the focus was on the development of the Corporate Governance of ICT Framework, and the critical ICT policies.

The implementation of MSP/ICT Strategic Plan commenced in the 2016/17 financial year. The MSP identifies best practice ICT deliverables and are being implemented in a phased approach in line with available budget. The plan highlights strategic initiatives that will be implemented in the coming financial years with the intention of modernising court operations, among others. The MSP is partially funded from the Integrated Justice System (IJS) and the Department's Administration programme.

2 RISK MANAGEMENT

The OCJ has an approved Risk Management Framework, the Risk Management Policy and Strategy that articulate the organisational risk management approach and methodology. The Risk Management Implementation Plan outlines the processes creating risk capability at an operational level and the detailed activities to embed risk management across the Department. The policies and the implementation plan are reviewed on an annual basis and communicated to all the employees within the OCJ. The risk management system will be subject to an internal audit in the coming year.

2.1. RISK ASSESSMENTS

The risk management process is aligned to the planning and objective-setting process of the Department. Annual risk assessments were conducted during the strategic planning process to align the OCJ's adopted strategy and its risk profile. Strategic and Operational Risk Registers were updated with emerging risks and progress on mitigation actions and were monitored by the Chief Risk Officer on a quarterly basis.

Furthermore, the Risk based Combined Assurance plan was developed and piloted using Court Performance Information in five Superior Courts in order to maximize risk governance, oversight, control efficiencies, and optimize overall assurance. The combined assurance model optimises the assurance coverage obtained from management, internal assurance providers and external assurance providers on the risk areas affecting the Department.

2.2. RISK MATURITY

The Risk Management Directorate has conducted the Risk Maturity Self-Assessment for the Department as prescribed by the National Treasury, in order to identify the areas to be improved. The resultant score of the self-assessment was 3.4 (on a scale of 1 to 5), which indicates that Risk management processes, practices and systems meet all legislative requirements at this stage but have limited influence on the control environment.

2.3. RISK MANAGEMENT COMMITTEE

The Department has a fully constituted and functional combined Audit and Risk Committee (ARC) established in terms of the Public Finance Management Act, 1999 (Act 1 of 1999) (PFMA) and the National Treasury Regulations. The ARC is independently chaired and comprises of five (5) non-executive members. The OCJ Executive Committee (EXCO) members and other senior managers are standing invitees to the ARC meetings. The ARC performs an oversight role on risk management in the OCJ.

a. Progress on risk mitigation

Progress in addressing the key risks faced by the OCJ is summarised in Table 1 below:

Table 1

No	Strategic Objective	Risk Description	Risk Implication	Summary of Progress Made
1	Ensure good governance in the administration of the Department.	Transitional challenges as a result of transfer of functions from the DoJ&CD to the OCJ (Protracted consultation process due to stagnant funding of the micro-structure by the National Treasury (NT) over the three (3) years period).	► Inadequate and inaccurate business data.	<p>► The Steering Committee between the OCJ and the DoJ & CD was established to monitor the implementation of the agreement.</p> <p>► Implementation of the above resulted in improved service delivery.</p>

3.	Enhance judicial skills of serving and aspiring Judicial officials to perform optimally.	Inadequate resources to facilitate training for Aspiring and Serving Judicial Officers.	▶ Inability to achieve strategic objectives.	<p>▶ SAJEI Council approved the E-Learning System proposal and the Civil Course identified as pilot course.</p> <p>▶ The Judicial Educators were appointed and they resumed duty.</p> <p>Implementation of the above resulted in improved service delivery.</p>

b. Risks related to non-achieved performance indicators and targets

The following measures were put in place by the OCJ to address the performance indicators and targets that were not achieved during the financial year under review:

Non-achieved indicators and targets	Impact on the OCJ operations / services delivery	Measures put in place to ensure achievement
Percentage of reported fraud cases investigated.	Potential financial loss due to unaddressed fraud and corruption activities.	Utilisation of the shared services resources from the DoJ&CD and request for additional forensic investigator capacity in the OCJ.
ICT Master System Plan (MSP) developed and implemented over the MTEF.	Lack of modernised judicial system leading to ineffective service delivery.	Request additional funding for the MSP.
Percentage of warrants of release delivered within one day of release granted.	Potential negative reputational risk for the OCJ.	Dedicated registrar to be assigned to the Circuit Court to expedite the issuance and processing of warrants of release.

3 FRAUD AND CORRUPTION

The Office of the Chief Justice is committed to a zero-tolerance approach to fraud and corruption and has an approved Fraud Prevention and Anti-Corruption Policy and Strategy. The Policy and Strategy are rolled out through a three (3) year Fraud Prevention Implementation Plan endorsed and annually reviewed by the Audit and Risk Committee.

The OCJ has adopted a four dimensional strategic approach to mitigate the risk of fraud and corruption in line with government Minimum Anti-Corruption Framework (MACC), namely, fraud prevention, detection, investigation and resolution.

3.1. FRAUD PREVENTION

The main thrust of integrity management is to inculcate a culture of ethical behaviour amongst staff. Fraud prevention awareness workshops addressing fraud risk management were conducted among staff in all the Superior Courts in the 2016/17 financial year. During these sessions, employees were encouraged to report corrupt activities (anonymous or identified) to Management, Forensic Audit or through the National Anti-Corruption Hotline (NACH) of the Public Service Commission (PSC).

The Department commemorated the International Anti-Corruption day on 09 December 2016, by developing a poster and a pledge which was signed by officials in National Office and Superior Courts to support the Department in its commitment to fight fraud and corruption.

Security vetting remains a preventative measure and the first line of defence to deter the recruitment of unethical and inapt employees. The Security Vetting Information System was installed in all the Superior Courts.

3.2. FRAUD DETECTION

The OCJ Fraud Prevention and Anti-Corruption Policy and Strategy outline procedures by which employees and the public could report incidents of alleged fraud and corruption. The incidents identified through the internal or external audit and the fraud allegations reported through the Departmental whistle-blowing mechanism, were recorded in the OCJ Fraud Register.

3.3. FRAUD INVESTIGATION

The veracity of alleged fraud and corruption activities are thoroughly investigated using the internal forensic auditors or external resources. The OCJ Forensic Unit has established a constructive working relationship with law enforcement agencies to which complex cases outside the Unit's scope are referred. During the year under review, 30 fraud and corruption cases were reported. Of these, 26 (87%) were finalised (an improvement from last year's 61%) with 4 (13%) outstanding (an improvement from last year's 39%) as at 31 March 2017. The Forensic Audit function remains a shared service with the DoJ&CD in terms of the transfer of functions Service Level Agreement (SLA).

3.4. FRAUD RESOLUTION

The resolution of an investigated fraud incident could be a referral for disciplinary action (HR processes), a determination for civil recovery and / or criminal prosecution, or referral to law enforcement agencies. All fraud allegations as well as the status of the investigations are reported to the Accounting Officer, the ARC and the relevant stakeholders such as the PSC.

4 MINIMISING CONFLICT OF INTERESTS

The Office of the Chief Justice in compliance to the Chapter 2 of the Public Service Regulations, 2016, ensures that management of conflict of interest is minimised. All officials participating in the supply chain management (SCM) and Bid Committees are required to disclose their interests during each requisitioning and bidding process in the prescribed disclosure form.

The OCJ continues to manage the Remunerative Work Outside Public Service (RWOPS) as part of management of conflict of interest. Awareness sessions were conducted to encourage the employees to apply for RWOPS on an annual basis. All employees are required to obtain approval to perform RWOPS and disclose all business interests.

The OCJ has also put processes in place to manage the receiving of gifts, sponsorship and donations as part of management of conflict of interest.

Awareness sessions were conducted to educate employees about the relevant policy and encourage them to report on a quarterly basis. Financial disclosures within the Department were managed in accordance with chapter 2 of the PSR 2016.

5 CODE OF CONDUCT

The OCJ has reviewed its Code and Conduct in line with the PSR and it was communicated to all staff. Upon assumption of duty, all newly appointed employees are provided with a copy of the Code of Conduct. Line managers are required to monitor compliance and to take appropriate action in the event of a breach by an employee.

6 HEALTH, SAFETY AND ENVIRONMENTAL ISSUES

The Occupational Health, Safety and Environmental (OHS&E) function was a retained service in the DoJ&CD for the 2016/17 financial year. All OHS&E programmes were conducted under the auspices of the DoJ&CD. The reason for the retention was that no capacity was available during the transfer of functions in order to enable the OCJ to manage OHS&E independently.

The SLA signed between the two Accounting Officers made provision for the joint operational committees to coordinate and monitor the OHS&E programmes across the OCJ operations i.e. two compliance audits on statutory compliance were conducted during the year under review. Furthermore, the OCJ Internal Audit Unit conducted similar assessments and found non-compliance in various facets of the OHS&E. Management has since developed corrective measures to ensure continued compliance.

Nature and Description of the OHS&E challenges	Impact on the OCJ operations / services delivery	Measures put in place to address challenges
Lack of internal capacity to guide and coordinate the OHS&E programme within OCJ.	<ul style="list-style-type: none"> ▶ Potential risk of unsafe and unhygienic work environment for the officials and the public. ▶ Service delivery at courts could be hampered due to unsafe work environments. 	<ul style="list-style-type: none"> ▶ Engagements with DoJ&CD on lack of capacity and the necessary support from subject matter experts in the regions including training to OCJ personnel at regional and operational levels. ▶ The OCJ Human Resources Directorate facilitating the appointments of OHS&E representatives at regional and operational level.
Non-compliance to the OHS&E prescripts.	<ul style="list-style-type: none"> ▶ Day to day operations' interruptions impacting on service delivery. ▶ Potential litigations due to unsafe facilities and work environment. ▶ Potential adverse audit report due to non-compliance to the health and safety legislation. 	Continuous engagements with DoJ Chief Directorate Facilities and Department of Public Works (DPW) regarding regular repairs and maintenance of the health and safety equipment as well as managing the related risks.

7 PORTFOLIO COMMITTEES

The Portfolio Committee on Justice and Correctional Services has an oversight responsibility over the performance of the OCJ. The Department is grateful to the Committee for the continuous support, valuable advice and recommendations received. The following engagements were held with the Committee during the 2016/17 financial year:

Date	Committee	Responsible supporting Department/ institution	Item for discussion	Leader of the delegation
05 April 2016	Portfolio Committee on Justice and Correctional Services	Ministry of Justice and Correctional Services	Political overview	Minister of Justice and Correctional Services
06 April 2016	Portfolio Committee on Justice and Correctional Services	OCJ	2016/17 Annual Performance Plan	Secretary General: OCJ
18 October 2016	Portfolio Committee on Justice and Correctional Services	OCJ	Annual Report and Quarter 1 performance report	Secretary General: OCJ

Matters raised in the Portfolio Committee	How the Department addressed these matters
<p>Members were concerned that the budget allocation for judicial education and training was inadequate to assist SAJEI to deliver on its mandate.</p> <p>The Committee requested to be appraised on the effectiveness of the National Efficiency Enhancement Committee (NEEC) as well as the Provincial Efficiency Enhancement Committees (PEECs) in relation to service delivery.</p>	<p>The OCJ continues to engage with National Treasury and DoJ&CD to alleviate the pressure. An additional R10 million was added to the OCJ 2017/18 budget for training.</p> <p>The NEEC and PEECs are integrated court stakeholder forums led by the Judiciary to manage matters that directly impact on the performance of the courts. The NEEC at the national level is led by the Chief Justice and the PEECs at the provincial level are led by the Judges President (JPs) who also perform their oversight role over the Magistracy as required by section 8 of Superior Courts Act, 2013. Challenges affecting the effective operation and integration of the justice system are addressed through these fora i.e. the infrastructure challenges like shortage of the court rooms (DPW involved); safeguards of the integrity of the court orders and combating of fraudulent court orders (South African Police Service involved); management of overcrowding at the correctional centres (Department of Correctional Services (DCS) involved).</p>

7 PORTFOLIO COMMITTEES

Matters raised in the Portfolio Committee	How the Department addressed these matters
<p>The Committee was concerned that the OCJ was unable to make use of the Integrated Justice System (IJS) budget which the DoJ&CD administers.</p> <p>The Committee requested the OCJ to facilitate interaction with the Chief Justice/Heads of Court relating to matters that lie outside the ambit of the OCJ as the administration supporting the Judiciary</p>	<p>The OCJ participates and has access to and is using funds from the IJS budget to implement Department specific court modernization projects (e.g. e-Filing system).</p> <p>The Chief Justice/Heads of Court and the Committee met on 28 November 2016 (last met on 28 November 2014). Various policy issues and strategic matters of mutual interest were raised from both sides and discussed/clarified. It was also agreed that regular interface is necessary going forward as it assists with the developing of a common understanding.</p>

8 SCOPA RESOLUTIONS

There were no resolutions taken by SCOPA regarding the Department during the period under review.

9 PRIOR MODIFICATIONS TO AUDIT REPORTS

There were no prior modifications to the audit reports.

10 INTERNAL CONTROL

In line with the Public Finance Management Act, 1999, (Act 1 of 1999) (PFMA), the internal audit function provides Management and the ARC with reasonable assurance that the internal controls are appropriate and effective. This was achieved through conducting internal audits across the OCJ operations and providing Management with the audit reports and recommendations on corrective actions to enhance the control environment. Quarterly internal audit and risk mitigation reports were submitted to the ARC for their monitoring and oversight function. The internal audit activities conducted in the period under review are discussed in the next section.

The OCJ reviewed all the policies and developed Standard Operating Procedures (SOPs) to enhance the control environment. Furthermore a Combined Assurance Framework and Plan were developed and piloted in the 2016-17 financial year to improve the organisational governance, internal controls and risk management systems.

11 INTERNAL AUDIT AND AUDIT COMMITTEE

11.1 INTERNAL AUDIT

The Internal Audit Activity (IAA) in accordance with its mandate provides an independent and objective assurance designed to add value and improve the OCJ's operations. The IAA accomplishes this objective by bringing in a systematic and disciplined approach to evaluating and improving the effectiveness of risk management, control and governance processes. The function is discharged in accordance with an approved Internal Audit Charter and Audit Methodology in compliance with the NT Regulations and the International Standards for the Professional Practice of Internal Auditing (ISPPA). The IAA is guided by a fully-functional ARC which operates in terms of an approved ARC Charter as prescribed by the NT. The head of the Unit reports functionally to the ARC and administratively to the Accounting Officer.

The Unit responsible for IAA has gradually been capacitated in the last two financial years. In order to improve the proficiency of the internal audit staff, continuous professional development training to all internal auditors was provided during the financial year, conducted under the auspices of the Institute of Internal Auditors (IIA) of South Africa.

The IAA, through engagement with internal stakeholders, formulated a risk-based three-year rolling strategy incorporating an annual plan that was approved by the ARC. The annual operational audit plan of 31 planned audit projects was fully executed during the 2016/17 financial year and was tabled at the quarterly ARC meetings. Additional ad hoc audit requests from the ARC and Management were also conducted. The IT audit was performed by the AGSA due to inadequate internal audit IT capacity within the OCJ.

The Accounting Officer has established an Operations Committee that monitors the implementation of the previous audit findings by the AGSA and Internal Audit. The follow-up audits were conducted during the year in various business Units and the Superior Courts. The aim was to review management implementation of previous audit findings by the Auditor-General and Internal Audit.

11.2 AUDIT AND RISK COMMITTEE

The OCJ has a fully-functional ARC appointed in terms of Section 38(1) (a) (ii) of the PFMA and NT Regulation 3.1. The ARC operates in accordance with the aforementioned regulations including provisions prescribed in terms of Sections 76(4) (d) and 77 of the PFMA. The Committee's mandate and responsibilities are defined in the ARC Charter.

The main purpose of the ARC is to assist the Accounting Officer of the OCJ to fulfil the responsibilities of maintaining effective, efficient and transparent systems of financial management, risk management, governance, and internal control by providing oversight as follows:

- i. Supporting Management in respect of financial reporting, systems of internal control and performance against pre-determined objectives;
- ii. Enhancing business ethics and integrity in the OCJ;
- iii. Ensuring the independence of the internal audit activity;
- iv. Reviewing the strategic and operational risk areas of the OCJ and ensuring coverage in the scope of audit by internal and external auditors;
- v. Ensuring proper functioning of internal and external audit processes, other assurance services and the fraud and corruption prevention, detection, investigation and resolution activities; and
- vi. Monitoring compliance with the laws and regulations and the code of conduct.

The ARC met on nine occasions; seven ordinary and two special meetings.

The table below indicates relevant information on the ARC members.

12 AUDIT COMMITTEE REPORT

We are pleased to present our report for the financial year ended 31 March 2017:

12.1 COMMITTEE RESPONSIBILITY

The ARC reports that it has complied with its responsibility arising from Section 38(a) (ii) of the Public Finance Management Act, 1999, (PFMA) and National Treasury Regulation 3.1. The Committee also reports that it has appropriate terms of reference as its ARC Charter, has regulated its affairs in compliance with this Charter and has discharged all its responsibilities as contained therein.

12.2 THE EFFECTIVENESS OF INTERNAL CONTROL

The systems of internal control are designed to provide cost effective assurance in achieving the organisational objectives through ensuring that assets are safeguarded, operations are effective and efficient, financial and performance information is reliable and there is compliance with the laws and regulations.

In line with the Public Finance Management Act, 1999, (PFMA) and the National Treasury Regulations, the ARC provided oversight on the operations and business activities within the OCJ. This was achieved through a quarterly reporting process to both management and the Audit and Risk Committee as well as the Internal Audit reviews as prioritised in the Risk-Based Annual Audit Operational Plan approved by the ARC. The ARC is of the opinion that the systems of internal control within the OCJ were mostly adequate and effective during the year under review.

12.3 INTERNAL AUDIT

The OCJ is a relatively new Department that has been establishing systems of internal control during the year under review. From the various reports submitted by the OCJ's Internal Auditors, there are indications that although the systems of internal control were adequate in most areas, there is still room for improvement in areas where control deficiencies and deviations from prescripts and policies were highlighted.

Matters of concern to the ARC were as follows:

- i. Inadequate Asset Management systems in place, especially for the library assets;
- ii. Non-compliance with 30 days payment of the service providers due to the lack of interface in the transversal and internal financial system;
- iii. Delays in finalisation of the OCJ organisational structure and filling of critical vacant posts due to the protracted approval process.

Regarding the above issues the Committee has, however, noted the corrective measures instituted by the Accounting Officer and the Exco.

The ARC is satisfied with the activities of the internal audit function including its annual work programme, coordination with the external auditors and the reports of significant investigations and follow-up on management corrective action plans. The Internal Audit Unit conducted 100% of the audit projects on its annual plan.

12.4 SUMMARY OF SOME OF THE MAIN ACTIVITIES UNDERTAKEN BY THE ARC DURING THE FINANCIAL YEAR UNDER REVIEW

The ARC reviewed and/or performed oversight over:

- i. All quarterly Interim Financial Statements and unaudited Annual Financial Statements (AFS) before submission to the AGSA on 31 May 2017;
- ii. The Management Letter of the AG related to the audit of the 2016/17 financial year;
- iii. The appropriateness of the accounting policies, practices and potential changes;
- iv. The effectiveness of the system of risk management including emerging risks;
- v. The process to ensure compliance with relevant laws and regulations.
- vi. The system of IT governance;
- vii. The Annual Report and pre-determined objectives information prior to submission to the AGSA and final publication;
- viii. The plans, work and reports of the IAA and the AGSA;
- ix. In-year monitoring reports on all the OCJ's operations;
- x. The development of the Combined Assurance Framework and the Plan; and
- xi. The site visits to the Superior Courts to assess the control environment at the service delivery points of the OCJ.

12.5 THE QUALITY OF IN-YEAR MONITORING AND QUARTERLY REPORTS SUBMITTED IN TERMS OF LEGISLATION

The Department has reported quarterly to the NT, as required by the PFMA. The ARC is satisfied with the content and quality of the quarterly reports prepared and issued by the Accounting Officer and Management during the year under review. There continues to be notable improvement in the quality of the financial management and performance information reports as well as management's commitment to implementing

12 AUDIT COMMITTEE REPORT

corrective action plans to address the previous Auditor-General and Internal Audit findings.

12.6 RISK MANAGEMENT

The OCJ has a Risk Management function established in accordance with the requirements of the National Treasury Regulations, the King IV Report on Corporate Governance as well as in compliance with the Public Sector Risk Management Framework, which provides for the Risk Policy, Strategy and Implementation Plan as well as the Fraud Prevention Framework. All risk-owners attend the Audit and Risk Committee meetings and participate in the overall management of the risk management processes in the Department.

During the year under review, a risk assessment was conducted across the OCJ operations culminating into the development of the strategic and operational risk registers. The identified risks also informed the internal audit priorities. Management reported on risk mitigation action items quarterly to the ARC.

Continuous tracking of the planned mitigation yielded significant positive results. However, the following areas still remained a concern to the ARC:

- i. Delays in the filling of key positions for the optimal functioning of the OCJ;
- ii. Non-compliance with financial management prescripts resulting in late payments of suppliers;
- iii. Lack of automated case flow management systems; and
- iv. Inadequate asset management systems, especially for the library assets.

The Committee has noted the measures put in place by Management to address the above.

12.7 FRAUD AND CORRUPTION

The OCJ developed the Fraud Prevention Policy, Strategy and Plan that were approved by the ARC. Implementation of the Plan was monitored through the quarterly reports submitted at the ARC meetings. The ARC provided oversight on allegations of fraud, corruption and financial misconduct reported to the Department and is satisfied with the 87% finalisation rate.

12.8 EVALUATION OF THE FINANCIAL STATEMENTS

The ARC has:

- i. Reviewed the draft AFS and information on pre-determined objectives to be included in the Annual Report;

- ii. Reviewed any changes in accounting policies and practices;
- iii. Reviewed Departmental compliance with applicable regulatory provisions; and
- iv. Reviewed the AGSA's Interim Management Reports and the Management responses thereto.

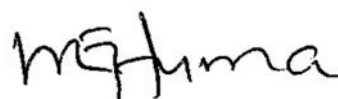

12.9 ANNUAL PERFORMANCE REVIEW

The Committee has considered the performance information reports submitted to the AGSA for review and is satisfied with the measures management has put in place to manage performance.

12.10 AUDITOR-GENERAL'S REPORT

The ARC has met with the AGSA throughout the year to ensure that there are no unresolved issues.

3. Human Resources Oversight Statistics	68

1 INTRODUCTION

During the 2016/17 financial year the OCJ increased its HR capacity at its National and Provincial Offices. Four officials were appointed at National Office and nineteen officials were appointed at Provincial Offices. Despite these appointments, the OCJ is not yet fully capacitated in some of the HR functions and, therefore, the service level agreement with the DoJ&CD continued to be implemented in the following HR functions:

- (a) Labour Relations;
- (b) Employee Health and Wellness (EHW); and
- (c) Organisation Design.

As at 31 March 2017, the total number of posts was 1 984 of which 1 679 were filled and 305 vacant. The overall vacancy rate for the Department was 15.4%. Out of a total number of 39 SMS members appointed, 15 (38.5%) were female and 24 (61.5%) were male.³

The number of people appointed with disability was 21. This represents 1.25% of the OCJ staff complement.

³ The information provided on the establishment is based on the full OCJ staff establishment as it is reflected on PERSAL on 31 March 2017. The number of vacancies includes the 35 funded that was not filled by the end of 2016/17 and all other vacancies on PERSAL.

2 OVERVIEW OF HUMAN RESOURCES

2.1 HUMAN RESOURCE PRIORITIES FOR THE YEAR UNDER REVIEW AND THE IMPACT OF THESE

The following were priorities for the year under review:

(a) Filling of critical funded vacancies:

The Department filled 90.2% (322/357⁴) funded vacant posts by the end of the financial year.

(b) Providing employees with skills and competencies through skills development programme

The Department planned to train 250 employees for the financial year. A total of 375 employees were trained. Of the 375 employees trained, 343 employees were in line with the WSP and 32 received training that was deemed critical to the operations of the OCJ.

(c) Providing Employee Wellness Programmes

During the year under review, the four Employee Health and Wellness Policies and Operational Plans were approved and implemented. Quarterly reports regarding the implementation of the operational plans were submitted to DPSA.

2.2 POLICY DEVELOPMENT

During the 2016/17 financial year, the OCJ operated with some of the DoJ&CD policies in areas where new policies were not yet approved. In the year under review the following HR policies were approved and implemented:

- ▶ Occupational Health and Safety Policy;
- ▶ Health and Productivity Management Policy;
- ▶ Wellness Management Policy;
- ▶ HIV, STI & TB Management Policy;
- ▶ Acting Allowance Policy;
- ▶ Overtime Policy;
- ▶ Special Leave Policy;
- ▶ Study Assistance Policy; and
- ▶ Performance Management and Development System Policy.

2.3 WORKFORCE PLANNING FRAMEWORK AND KEY STRATEGIES TO ATTRACT AND RECRUIT A SKILLED AND CAPABLE WORKFORCE

The HR Plan for 2016-2017 was developed and approved in June 2016. All vacant positions in the Department were advertised to encourage open competition. Headhunting was utilised in instances where suitable candidates could not be attracted through the normal recruitment process. The Department provided training opportunities to staff members to obtain new qualifications and improve

their skills and knowledge. An internship programme was established to provide young graduates with opportunities to gain knowledge and experience in the workplace, in order to be able to compete for jobs in the labour market.

2.4 EMPLOYEE PERFORMANCE MANAGEMENT

A total of 1 611 out of 1 690 employee performance agreements were captured, translating to 95% concluded performance agreements in line with prescripts. A total of 1 491 out of 1 659 mid-year reviews were finalised on time. Performance assessments for the 2015/16 cycle were finalised and rewards related to this process were paid during the 2016/17 financial year.

2.5 ACHIEVEMENTS

- ▶ Performance assessments were concluded for the 2015/16 performance cycle;
- ▶ Nine HR policies were approved and implemented;
- ▶ A total of 29 interns and law graduates were hosted for period under review; and
- ▶ The Department established its own Departmental Bargaining Chamber.

2.6 CHALLENGES

- ▶ The budget ceiling implemented by the National Treasury on compensation of employees affected the capacitation of the OCJ. Although the Department underspent on its compensation of employees (CoE) budget, it will not fill any vacancies moving forward in order to prevent overspending of the CoE budget in the MTEF period. This negatively impacts on service delivery in the Department. The OCJ organisational structure was developed in line with the PSA and has been submitted to the relevant authority for approval. Critical vacant posts could therefore not be filled pending the approval of the structure.
- ▶ Inability to finalise disciplinary and grievance cases within prescribed periods due to procedural matters such as postponements and unavailability of witnesses.

2.7 FUTURE HUMAN RESOURCE PLANS/GOALS

- ▶ The implementation of the revised organisational structure, pending the approval by DPSA;
- ▶ Strengthen the performance management and development processes;
- ▶ Addressing the HR Compliance environment in terms of plans and strategies; and
- ▶ Contributing towards creation of opportunities for youth development and employment

⁴ The denominator (357 posts) used for the total number of posts is based on the number of funded posts in the financial year 2016/17 and differs from the balance at the end of the financial year as reflected on PERSAL. The number of posts involved identification and prioritization in terms of funding.

Table 3.5.1 Annual turnover rates by salary band for the period 01 April 2016 to 31 March 2017.

This section provides information on changes in employment over the financial year. It reflects the number of appointments versus terminations. It further translates the terminations into the turnover rate.

It needs to be noted when reading the table below that a high number of appointments and terminations are reflected. This is as a result of multiple contract appointments for secretaries to support Judges and Acting Judges which are demand driven in line with the need during Court terms.

1 REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON VOTE NO. 22: OFFICE OF THE CHIEF JUSTICE

FOR THE YEAR ENDED 31 MARCH 2017

Report on the audit of the financial statements

Opinion

1. I have audited the financial statements of the Office of the Chief Justice set out on pages **120 to 197**, which comprise the appropriation statement, the statement of financial position as at 31 March 2017 and the statement of financial performance, statement of changes in net assets, and cash flow statement for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Office of the Chief Justice as at 31 March 2017 and its financial performance and cash flows for the year then ended in accordance with Modified Cash Standards as prescribed by National Treasury and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the [consolidated and separate] financial statements section of my report.
4. I am independent of the department in accordance with the International Ethics Standards Board for Accountants' Code of ethics for professional accountants (IESBA code) together with the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.
5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Accounting Officer for the financial statements

6. The accounting officer is responsible for the preparation and fair presentation of the financial statements in accordance with Modified Cash Standards as prescribed by National Treasury and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) and for such internal control as the accounting officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, the accounting officer is responsible for assessing the Office of the Chief Justice's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the accounting officer either intends to liquidate the Department or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the audit of the financial statements

8. My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

1 REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON VOTE NO. 22: OFFICE OF THE CHIEF JUSTICE

FOR THE YEAR ENDED 31 MARCH 2017

9. A further description of my responsibilities for the audit of the financial statements is included in the annexure to the auditor's report.

Report on the audit of the annual performance report

Introduction and scope

10. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof I have a responsibility to report material findings on the reported performance information against predetermined objectives for selected programmes presented in the annual performance report. I performed procedures to identify findings but not to gather evidence to express assurance.
11. My procedures address the reported performance information, which must be based on the approved performance planning documents of the Department. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures also did not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
12. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected programmes presented in the annual performance report of the Department for the year ended 31 March 2017:

Programmes	Pages in annual performance report
Programme 2 – Judicial Support and Court Administration	42 – 45
Programme 3 – Judicial Education and Research	46 – 48

13. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
14. The material findings in respect of the usefulness and reliability of the selected programmes are as follows

Programme 2 – Judicial Support and Court Administration

15. The reported achievement for the following indicators was misstated as the evidence provided indicated a percentage that was different to the reported percentage.
- ▶ Percentage of default judgments finalised by Registrars.
 - ▶ Percentage of taxations of legal costs finalised.
 - ▶ Percentage of warrants of release delivered within one day of the release granted.

1 REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON VOTE NO. 22: OFFICE OF THE CHIEF JUSTICE

FOR THE YEAR ENDED 31 MARCH 2017

16. I did not identify any material findings on the usefulness and reliability of the reported performance information for the following programme:

► Programme 3 - Judicial Research and Education.

Other matters

17. I draw attention to the matters below:

Achievement of planned targets

18. Refer to the annual performance report on pages **26** to **49** for information on the achievement of planned targets for the year and explanations provided for the under/overachievement of a number of targets. This information should be considered in the context of the material findings on the usefulness and reliability of the reported performance information in paragraph 15 of this report.

Adjustment of material misstatements

19. I identified material misstatements in the annual performance report submitted for auditing. These material misstatements were on the reported performance information of Programme 2 - Judicial Support and Court Administration. I raised material findings on the reliability of the reported performance information. Those that were not corrected are included in paragraph 15 of this report.

Unaudited supplementary schedules

20. The supplementary information set out on pages **49** of the annual report relating to Statistical Information does not form part of the annual report and is presented as additional information. I have not audited this schedule and, accordingly, I do not express an opinion thereon.

Report on audit of compliance with legislation

Introduction and scope

21. In accordance with the PAA and the general notice issued in terms thereof I have a responsibility to report material findings on the compliance of the Department with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
22. I did not identify any instances of material non-compliance with specific matters in key legislation as set

Other information

23. The Office of the Chief Justice accounting officer is responsible for the other information. The other information comprises the information included in the annual report which includes the foreword by the minister, report of the accounting authority and statement of responsibility and confirmation of accuracy for the annual report. The other information does not include the financial statements, the auditor's report thereon and those selected programmes presented in the annual performance report that have been specifically reported on in the auditor's report.
24. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.

1 REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON VOTE NO. 22: OFFICE OF THE CHIEF JUSTICE

FOR THE YEAR ENDED 31 MARCH 2017

25. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements and the selected programmes presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work I have performed on the other information obtained prior to the date of this auditor's report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Internal control deficiencies

26. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance thereon. The matters reported below are limited to the significant internal control deficiencies that resulted in the findings on the annual performance report included in this report.

Financial and performance management

- The annual performance report contained material misstatements; this was due to inadequate supervision and review during the performance reporting process.

3 NOTES TO THE APPROPRIATION STATEMENT

FOR THE YEAR ENDED 31 MARCH 2017

1. Detail of transfers and subsidies as per Appropriation Act (after Virement):

Detail of these transactions can be viewed in the note on Transfers and subsidies, disclosure notes and Annexure 1 (G) to the Annual Financial Statements.

2. Detail of specifically and exclusively appropriated amounts voted (after Virement):

Detail of these transactions can be viewed in note 1 (Annual Appropriation) to the Annual Financial Statements.

3. Detail on payments for financial assets

Detail of these transactions per programme can be viewed in the note on Payments for financial assets to the Annual Financial Statements.

4. Explanations of material variances from Amounts Voted (after Virement):

Judges Salaries				
Households	68 358	49 005	19 353	27.90%

Explanation of variance: The underspending on Compensation of Employees was a result of the strict monitoring of the filling of vacancies in order to manage the expenditure patterns and ensure that the compensation of employees ceiling for the MTEF years is not exceeded, as well as awaiting approval of the OCJ Organisational Structure.

The underspending on Households is as a result of a lower number of gratuities paid to Judges

Summary of significant accounting policies

The financial statements have been prepared in accordance with the following policies, which have been applied consistently in all material aspects, unless otherwise indicated. Management has concluded that the financial statements present fairly the Department's primary and secondary information.

The historical cost convention has been used, except where otherwise indicated. Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of preparation.

Where appropriate and meaningful, additional information has been disclosed to enhance the usefulness of the financial statements and to comply with the statutory requirements of the Public Finance Management Act (PFMA), Act 1 of 1999 (as amended by Act 29 of 1999), and the Treasury Regulations issued in terms of the PFMA and the annual Division of Revenue Act.

1 Basis of preparation

The financial statements have been prepared in accordance with the Modified Cash Standard.

2 Going concern

The financial statements have been prepared on a going concern basis.

3 Presentation currency

Amounts have been presented in the currency of the South African Rand (R) which is also the functional currency of the Department.

4 Rounding

Unless otherwise stated financial figures have been rounded to the nearest one thousand Rand (R'000).

5 Foreign currency translation

Cash flows arising from foreign currency transactions are translated into South African Rands using the spot exchange rates prevailing at the date of payment / receipt.

6 Comparative information

6.1 Prior period comparative information

Prior period comparative information has been presented in the current year's financial statements. Where necessary figures included in the prior period financial statements have been reclassified to ensure that the format in which the information is presented is consistent with the format of the current year's financial statements.

6.2 Current year comparison with budget

A comparison between the approved, final budget and actual amounts for each programme and economic classification is included in the appropriation statement.

8 ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 MARCH 2017

7 Revenue

7.1 Appropriated funds

Appropriated funds comprises of Departmental allocations as well as direct charges against the Revenue Fund (i.e. statutory appropriation).

Appropriated funds are recognised in the statement of financial performance on the date the appropriation becomes effective. Adjustments made in terms of the adjustments budget process are recognised in the statement of financial performance on the date the adjustments become effective.

The net amount of any appropriated funds due to / from the relevant revenue fund at the reporting date is recognised as a payable / receivable in the statement of financial position.

7.2 Departmental revenue

Departmental revenue is recognised in the statement of financial performance when received and is subsequently paid into the relevant revenue fund, unless stated otherwise.

Any amount owing to the relevant revenue fund at the reporting date is recognised as a payable in the statement of financial position.

7.3 Accrued Departmental revenue

Accruals in respect of Departmental revenue (excluding tax revenue) are recorded in the notes to the financial statements when:

- ▶ it is probable that the economic benefits or service potential associated with the transaction will flow to the Department; and
- ▶ the amount of revenue can be measured reliably.

The accrued revenue is measured at the fair value of the consideration receivable.

Accrued tax revenue (and related interest and / penalties) is measured at amounts receivable from collecting agents.

Write-offs are made according to the Department's debt write-off policy

8 Expenditure

8.1 Compensation of employees

8.1.1 Salaries and wages

Salaries and wages are recognised in the statement of financial performance on the date of payment.

8.1.2 Social contributions

Social contributions made by the Department in respect of current employees are recognised in the statement of financial performance on the date of payment.

Social contributions made by the Department in respect of Judges and ex-employees are classified as transfers to households in the statement of financial performance on the date of payment.

8.2 Other expenditure

Other expenditure (such as goods and services, transfers and subsidies and payments for capital assets) is recognised in the statement of financial performance on the date of payment. The expense is classified as a capital expense if the total consideration paid is more than the capitalisation threshold.

8 ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 MARCH 2017

8.3 Accruals and payables not recognised

Accruals and payables not recognised are recorded in the notes to the financial statements when the goods are received or, in the case of services, when they are rendered to the Department or in the case of transfers and subsidies when they are due and payable.

Accruals and payables not recognised are measured at cost.

8.4 Leases

8.4.1 Operating leases

Operating lease payments made during the reporting period are recognised as current expenditure in the statement of financial performance on the date of payment.

The operating lease commitments are recorded in the notes to the financial statements.

8.4.2 Finance leases

Finance lease payments made during the reporting period are recognised as capital expenditure in the statement of financial performance on the date of payment.

The finance lease commitments are recorded in the notes to the financial statements and are not apportioned between the capital and interest portions.

Finance lease assets acquired at the end of the lease term are recorded and measured at the lower of:

- ▶ cost, being the fair value of the asset; or
- ▶ the sum of the minimum lease payments made, including any payments made to acquire ownership at the end of the lease term, excluding interest.

In the OCJ, finance lease assets are not acquired at the end of the lease term and are therefore not added to the asset register.

9 Aid Assistance

9.1 Aid assistance received

Not applicable to the OCJ for the 2016/17 financial year.

9.2 Aid assistance paid

Not applicable to the OCJ for the 2016/17 financial year.

10 Cash and cash equivalents

Cash and cash equivalents are stated at cost in the statement of financial position.

Bank overdrafts are shown separately on the face of the statement of financial position as a current liability.

For the purposes of the cash flow statement, cash and cash equivalents comprise cash on hand, deposits held, other short-term highly liquid investments and bank overdrafts.

11 Prepayments and advances

Prepayments and advances are recognised in the statement of financial position when the Department receives or disburses the cash.

Prepayments and advances are initially and subsequently measured at cost.

8 ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 MARCH 2017

12 Loans and receivables

Loans and receivables are recognised in the statement of financial position at cost plus accrued interest, where interest is charged, less amounts already settled or written-off. Write-offs are made according to the Department's write-off policy.

13 Investments

Investments are recognised in the statement of financial position at cost.

14 Financial assets

14.1 Financial assets (not covered elsewhere)

A financial asset is recognised initially at its cost plus transaction costs that are directly attributable to the acquisition or issue of the financial.

At the reporting date, a Department shall measure its financial assets at cost, less amounts already settled or written-off, except for recognised loans and receivables, which are measured at cost plus accrued interest, where interest is charged, less amounts already settled or written-off.

14.2 Impairment of financial assets

Where there is an indication of impairment of a financial asset, an estimation of the reduction in the recorded carrying value, to reflect the best estimate of the amount of the future economic benefits expected to be received from that asset, is recorded in the notes to the financial statements.

15 Payables

Loans and payables are recognised in the statement of financial position at cost.

16 Capital Assets

16.1 Immovable capital assets

Not applicable to the OCJ for the 2016/17 financial year.

16.2 Movable capital assets

Movable capital assets are initially recorded in the notes to the financial statements at cost. Movable capital assets acquired through a non-exchange transaction is measured at fair value as at the date of acquisition.

Where the cost of movable capital assets cannot be determined reliably, the movable capital assets are measured at fair value and where fair value cannot be determined; the movable assets are measured at R1.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Movable capital assets are subsequently carried at cost and are not subject to depreciation or impairment.

Biological assets are subsequently carried at fair value.

Subsequent expenditure that is of a capital nature is added to the cost of the asset at the end of the capital project unless the movable asset is recorded by another Department/entity in which case the completed project costs are transferred to that Department.

16.3 Intangible assets

Intangible assets are initially recorded in the notes to the financial statements at cost. Intangible assets acquired through a non-exchange transaction are measured at fair value as at the date of acquisition.

Internally generated intangible assets are recorded in the notes to the financial statements when the Department commences the development phase of the project.

Where the cost of intangible assets cannot be determined reliably, the intangible capital assets are measured at fair value and where fair value cannot be determined; the intangible assets are measured at R1.

All assets acquired prior to 1 April 2002 (or a later date as approved by the OAG) may be recorded at R1.

Intangible assets are subsequently carried at cost and are not subject to depreciation or impairment.

Subsequent expenditure that is of a capital nature is added to the cost of the asset at the end of the capital project unless the intangible asset is recorded by another Department/entity in which case the completed project costs are transferred to that Department.

17 Provisions and Contingents

17.1 Provisions

Provisions are recorded in the notes to the financial statements when there is a present legal or constructive obligation to forfeit economic benefits as a result of events in the past and it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate of the obligation can be made. The provision is measured as the best estimate of the funds required to settle the present obligation at the reporting date.

17.2 Contingent liabilities

Contingent liabilities are recorded in the notes to the financial statements when there is a possible obligation that arises from past events, and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Department or when there is a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or the amount of the obligation cannot be measured reliably.

17.3 Contingent assets

Contingent assets are recorded in the notes to the financial statements when a possible asset arises from past events, and whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Department.

17.4 Commitments

Commitments (other than for transfers and subsidies) are recorded at cost in the notes to the financial statements when there is a contractual arrangement or an approval by management in a manner that raises a valid expectation that the Department will discharge its responsibilities thereby incurring future expenditure that will result in the outflow of cash.

8 ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 MARCH 2017

18 Unauthorised expenditure

Unauthorised expenditure is recognised in the statement of financial position until such time as the expenditure is either:

- ▶ approved by Parliament or the Provincial Legislature with funding and the related funds are received; or
- ▶ approved by Parliament or the Provincial Legislature without funding and is written off against the appropriation in the statement of financial performance; or
- ▶ transferred to receivables for recovery.

Unauthorised expenditure is measured at the amount of the confirmed unauthorised expenditure.

19 Fruitless and wasteful expenditure

Fruitless and wasteful expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the total value of the fruitless and or wasteful expenditure incurred.

Fruitless and wasteful expenditure is removed from the notes to the financial statements when it is resolved or transferred to receivables for recovery.

Fruitless and wasteful expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

20 Irregular expenditure

Irregular expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred unless it is impracticable to determine, in which case reasons therefor are provided in the note.

Irregular expenditure is removed from the note when it is either condoned by the relevant authority, transferred to receivables for recovery or not condoned and is not recoverable.

Irregular expenditure receivables are measured at the amount that is expected to be recoverable and are de-recognised when settled or subsequently written-off as irrecoverable.

21 Changes in accounting policies, accounting estimates and errors

Changes in accounting policies that are effected by management have been applied retrospectively in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the change in policy. In such instances the Department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

Changes in accounting estimates are applied prospectively in accordance with MCS requirements.

Correction of errors is applied retrospectively in the period in which the error has occurred in accordance with MCS requirements, except to the extent that it is impracticable to determine the period-specific effects or the cumulative effect of the error. In such cases the Department shall restate the opening balances of assets, liabilities and net assets for the earliest period for which retrospective restatement is practicable.

22 Events after the reporting date

Events after the reporting date that are classified as adjusting events have been accounted for in the financial statements. The events after the reporting date that are classified as non-adjusting events after the reporting date have been disclosed in the notes to the financial statements.

8 ACCOUNTING POLICIES

FOR THE YEAR ENDED 31 MARCH 2017

23 Principal-Agent arrangements

Not applicable to the OCJ for the 2016/17 financial year.

24 Departures from the MCS requirements

Management has concluded that the financial statements represent fairly the Department's primary and secondary information and that the Department complied with the MCS. The OCJ did not depart from a particular requirement to achieve fair presentation.

25 Capitalisation reserve

The capitalisation reserve comprises of financial assets and/or liabilities originating in a prior reporting period but which are recognised in the statement of financial position for the first time in the current reporting period. Amounts are recognised in the capitalisation reserves when identified in the current period and are transferred to the National/Provincial Revenue Fund when the underlying asset is disposed and the related funds are received.

26 Recoverable revenue

Amounts are recognised as recoverable revenue when a payment made in a previous financial year becomes recoverable from a debtor in the current financial year. Amounts are either transferred to the National/Provincial Revenue Fund when recovered or are transferred to the statement of financial performance when written-off.

27 Related party transactions

A related party transaction is a transfer of resources, services or obligations between the reporting entity and a related party. Related party transactions within the Minister/MEC's portfolio are recorded in the notes to the financial statements when the transaction is not at arm's length.

Key management personnel are those persons having the authority and responsibility for planning, directing and controlling the activities of the Department. The number of individuals and their full compensation is recorded in the notes to the financial statements.

28 Inventories (Effective from date determined in a Treasury Instruction)

At the date of acquisition, inventories are recorded at cost price in the statement of financial performance.

Where inventories are acquired as part of a non-exchange transaction, the cost of inventory is its fair value at the date of acquisition.

Inventories are subsequently measured at the lower of cost and net realisable value or the lower of cost and current replacement value.

Subsequent measurement of the cost of inventory is determined on the weighted average basis.

29 Public-Private Partnerships

Not applicable to the OCJ for the 2016/17 financial year.

30 Employee benefits

The value of each major class of employee benefit obligation (accruals, payables not recognised and provisions) is disclosed in the Employee benefits note.

Capped leave commitments		14 382	10 922
Long Service awards		471	427
Total		57 557	40 344

Included in the leave entitlement is an amount of R912 029.92 representing negative leave which is due to over-grant of leave taken as employees are given full leave credits in January of each year while the information in the financial statements is based on the leave accruals as at 31 March 2017.

Judges' social benefits for leave are excluded from the amount above as they are on a different leave dispensation.

The increase in the leave entitlement and capped leave is as a result of an increase in the number of employees employed in OCJ with capped leave benefits as well as more employees qualifying for the increase in leave from 22 to 30 days in line with years of service.
